PREFACE

St. John's Lutheran School is dedicated to the God-pleasing objective of building Christian citizens. In this educational process, we elevate Christ to the central focal position. From Him, we receive not only our aims and objectives, but also the inspiration for our forward march. It is our prayer that Christ would grant us a passion for educating His lambs, and that they would grow daily in wisdom and stature and in favor with God and man.

Accordingly, our school is concerned that children should read intelligently, write clearly and perform the mathematics necessary in everyday living. We are concerned that our young people can face realistically and deal wisely with the problems of the world in which they live. We also realize that in today's complex world, a person must develop and possess qualities which are founded upon Christ's Word; such as self-discipline, a high sense of moral and spiritual values, proper motivations, good human relations, sound judgment, and many other skills of living over and above the mastery of the three R's. Therefore, at every grade level we are interested in the all-around, wholesome and Christian development of each boy and girl.

To achieve these purposes, our curriculum endeavors to meet the maximum educational standards of the State of New York. Lasting educational strength and qualities in all phases of the child's developmental growth patterns are accomplished through our distinctive approach of placing Christ in the center of our educative process.

MISSION STATEMENT

The Mission of St. John's Lutheran School is:

To excel in academic achievement and to grow in our relationship with the Triune God as well as one another.

A BRIEF HISTORY OF ST. JOHN'S LUTHERAN SCHOOL

St. John's was founded in 1952, when Dr. Norbert Leeseberg and a student teacher conducted a school with 28 pupils enrolled. By the end of the first year, St. John's had grown to 44 pupils. In September 1954, there were 130 children present with a staff of 4 teachers. The present gym, or all purpose room, had dividers in it, permitting the facility to be used for classrooms.

In September of 1956, there were 193 children accepted for enrollment. There was a staff of six and the school space was expanded to include the use of the church property at 9 Catherine Court for the kindergarten. September of 1957 began with an enrollment of 216 students, 6 teachers and a full-time principal. During 1957, the old pool building was converted into a kindergarten room and later a lunchroom. The year 1958 saw an enrollment of 230 children with no increase in staff. In 1959, with 320

children enrolled, the staff grew to 9 teachers and a full-time principal, each grade now being under one teacher.

The main school structure, which now houses 8 classrooms, a medical room, a conference room and offices, was erected in 1959. The addition, which currently houses the church offices, pre-school room, and the kindergarten room, was erected in 1967.

In 1967, Dr. Leeseberg assumed a position in the Education Department of Wagner College, and Mr. Howard Houren, who had been a teacher on staff, became the second principal of St. John's Lutheran School.

OBJECTIVES OF CHRISTIAN EDUCATION

ADMINISTRATIVE ORGANIZATION

INTRODUCTION

In speaking of St. John's Lutheran Church and St. John's Lutheran School, one must always remember that these two are not separate organizations. We are one. Church and school are separated for business procedures only.

St. John's Lutheran Church owns all properties currently being utilized by the school for its program.

It is our sincere belief that the strength of the parish school depends on the continued financial as well as moral support of our mother body. To this end, congregational activities will at times be held in our classrooms, gymnasium, and library. This might result in minor inconveniences to classroom teachers as well as the overall program. The cooperation and understanding of everyone is anticipated and appreciated.

Tuition is charged to all parents with children attending school. In addition, there is a yearly registration fee and student fee. These charges are reviewed annually by the Board of Christian Education and updated in time for registration for the next school year.

SYNOD

As such, St. John's is pledged to support and promote the purpose of the synodical organization by word, deed, and in accordance with the Word of God, recognizing the congregation's right to judge the expediency of any directive in its application in the local condition. As a member of the Synod, the congregation participates in all synodical decisions. In keeping with the objectives of the Synod to further Christian education through parochial schools, St. John's Lutheran Church operates a Christian Day School.

The decisions concerning additional personnel are to be discussed and approved by the Board of Christian Education.

ST. JOHN'S VOTERS ASSEMBLY

The Voters Assembly of the congregation is the governing body of St. John's Lutheran Church. They, by the grace of God, have come to recognize Christian education as one of the primary functions of the congregation's existence and have therefore, given wholehearted support to this program.

The Chairman of the Board of Christian Education gives a report of the activities and plans of the Board and Faculty. The Principal may be called upon by the Board Chairman to explain in greater detail a specific item of the report. SCHOOL CALENDAR

St. John's meets the state required 180 school days each school year. The school calendar will be distributed with the registration packet. Additional copies may be requested from the school office. *Parents are asked to cooperate by planning their vacations so as to minimize the number of days their child(ren) will be absent.

Attendance

School personnel are **Mandated Reporters**. Excessive absence from school has a tendency to cause problems with proper instruction and learning, therefore, any student absent for more than 18 days may be considered for retention and or be reported to ACS as required..

Excessive tardiness (2 in a 1 week period) results in morning detention. It is disruptive to proper instruction and discipline to all students in a class. Therefore, parents should see that their children are present for school on time.

Parents are required to call the school if a child is absent and state the reason for the absence.

Parents must explain in writing all absences and tardiness on the day the child returns to school, as required by state law. If a child does not return a note, the absence will be recorded as illegal.

Homework and class work assignments will be available **after** dismissal. Teachers are not obligated to give homework ahead of time for students who know they will be absent.

Parents are required to fill out an emergency medical form at registration. Parents are encouraged to keep the telephone numbers and names on the forms current.

Authorization in writing is required for a child to be signed out/picked up by someone other than the parent.

Accident reports are kept on file in the school office. Parents are notified of all head injuries.

School personnel cannot administer any medication to a student.

All medication and treatment for long-term (chronic) health problems must be approved by a Department of Health Medical Doctor. A Medical Form (504) must be completed by the child's doctor and kept on file.

Medical Requirements

Medical exams are required for the first time student, or when they have been out of state more than one year. Additionally, Pre-Kindergarten and Kindergarten students must have an annual physical until they are six years old. Any other requirements required by the Department of Health must be met.

Students failing to comply with New York State requirements cannot be accepted as students at St. John's Lutheran School. This is in keeping with New York State health laws.

Mandated Reporting

St. John's Lutheran school's faculty and staff are mandated reporters and are legally obligated to report any suspected abuse to the proper authorities.

SEXUAL HARASSMENT

What is it?

Sexual harassment is a form of sex discrimination prohibited by federal and state law. It is any unwanted conduct of a sexual nature. It is the imposition of unwelcome and/or unwarranted sexually oriented acts that creates a hostile, intimidating or offensive academic or work environment.

Our Policy:

St. John's Lutheran Church & School is committed to maintaining a learning environment that is free from sexual harassment and sexual violence, where all employees and students can work and study together comfortably and productively. St. John's Evangelical Lutheran Church & School prohibits any form of sexual harassment or sexual violence.

It shall be a violation of this policy for any student or employee at St. John's Evangelical Lutheran Church & School to harass a student or employee through conduct or communication of a sexual nature defined by this policy. St. John's Ev. Lutheran Church & School recognizes that sexual harassment can originate from a person of either sex or against a person of the same or opposite sex, and from classmates as well as adults.

It shall be a violation of this policy for any student or employee at St. John's Ev. Lutheran Church & School to be sexually involved with a student or employee. Any relationship involving romantic or sexual overtones with a student is strictly prohibited and will certainly result in immediate dismissal. Relationships between consenting employees may be a form of sexual harassment if the participation of any individual is not entirely voluntary. This is particularly true where one of the participants is in a supervisor capacity. Any person who in any way feels pressured into a relationship with a co-worker should report it immediately to the School Administrator or Pastor and will present the investigated incident to the Board of Christian Education or the Board of Elders. Furthermore, any employee with supervisory responsibilities who enters into a social relationship with a subordinate must exercise extreme care to ensure that the participation of the subordinate is entirely voluntary, or the superior will risk being found guilty of harassment.

St. John's Evangelical Lutheran Church & School will act promptly to investigate all complaints, either formal or informal, verbal or written, of sexual harassment or sexual violence and to discipline any student or employee who sexually harasses or is sexually violent to a student or employee at St. John's Evangelical Lutheran Church & School. Any person reporting in good faith any act of perceived sexual harassment will be protected from retaliation of any type of nature whether or not harassment is found.

Worship

In addition to daily classroom devotions and prayers, chapel services will be conducted weekly. Parents are invited to attend. Offerings will be designated as planned.

All students are encouraged to worship regularly in their home churches. We sincerely hope that as our children grow in their relationship with the Lord, they will be developing good, regular worship habits.

School-related activities are to be scheduled so as not to conflict with worship service.

FIELD TRIPS

Field trips are planned as an educational experience to further enhance the learning that is already taking place in the classroom. Field trips are not for the purpose of entertainment or as a diversionary tool. Each trip will reinforce the curriculum as it is being taught in the classroom.

All field trips must be approved by the Principal at least two weeks before the trip occurs. The teacher is responsible for all details of the trip including: parental permission, transportation, reservations, instructions for parent supervision, etc...

Class members are responsible for all costs involved. Students simply bring from home the necessary funds needed.

SPECIAL EVENTS

Christmas Programs – Christmas Concert programs scheduled during December are mandatory.

A Spring Concert is also planned for the end of the school year

HOMEWORK

Homework assignments are given regularly by each teacher. The amount of homework is determined by the educational needs of the classroom and by the methods of instruction that the teacher is employing. Homework is to be done by each student. Parents are not to do their child's homework, but they may review the homework to see that it is complete. One purpose of homework is to aid the children in developing a sense of responsibility for their own actions.

If a student is absent from school and a parent wishes to pick up his homework, parents are requested to message the classroom teacher or call the school office. Parents are further advised that homework will not be available for pick up until the conclusion of the school day, after 3:30 PM. Teacher are not required to prepare work for a student who is absent due to vacation

Teachers are responsible to be in the classroom at 8:30 AM. Parents need to message, or make an appointment through the office in order to meet before 8:30 AM or after 3:30 PM.

REPORT CARDS

Communication regarding student achievement is vital to a good school program. Therefore, the following means will be used to report a student's progress.

1. Report Cards will be issued each quarter – Parents should check their child's grades through our school's on line Gradewizard system

2. Parents may request meetings with the teacher at any time during the quarter if they wish to check up on their child's progress. A teacher may issue personal notes in addition to the quarterly report card.

Parent/Teacher Conferences will be held with all parents at the conclusion of the first quarter. At the end of the second and third quarters, teachers may request some parents to come in for a conference. Parents may also request a special conference.

Report Cards will be available at the end of each quarter.

HONOR ROLL

Criteria: Grades 3 through 8 by quarter.

Principal Honors: A student must have a 95% to 100% grade average and exhibit average or above average citizenship and effort in all classes. The student must have no failing grade in any subject area. There can be no "U" listed anywhere on the report card. Excessive lateness cannot exceed three for the entire marking period.

1st Honor Roll: A student must have a 90% to 94% grade average and exhibit average or above average citizenship and effort in all classes. The student must have no failing grade in any subject area. There can be no "U" listed anywhere on the report card. Excessive lateness cannot exceed three for the entire marking period.

2nd Honor Roll: A student must have an 85% to 89% grade average and exhibit average or above average citizenship and effort in all classes. The student must have no failing grade in any subject area. There can be no "U" listed anywhere on the report card. Excessive lateness cannot exceed three for the entire marking period.

Certificate of Merit: A student must have an 80% to 84% grade average and exhibit average or above average citizenship and effort in all classes. The student must have no failing grade in any subject area. There can be no "U" listed anywhere on the report card. Excessive lateness cannot exceed three for the entire marking period.

TESTING

Teachers are encouraged to use appropriate tests as an integral part of the instructional program.

State Exams will be administered annually to all students in grades 3 through 8. Parents are encouraged to meet with the teachers after the results have been returned, so that together they may plan and evaluate the student's future academic progress.

If tests are missed due to absence, no more than 2 tests will be given in a day.

PROMOTION AND RETENTION

The final decision regarding promotion rests with the classroom teacher and Principal.

Retention in a grade will be based on failure of major subjects and/or standardized test results.

Retention may be based on a student's reading level.

Retention may be considered for a student absent more than 18 days, who does not keep up with academic expectations of the class.

Please note: all of the above criteria will be considered. Retention will not be based solely on one guideline. There is no promotion on a trial basis. The final decision as to retention rests with the Principal based on input from the classroom teacher. In some situations, a student may be asked to attend an accredited summer program to avoid retention.

LIFESTYLE OF THE CHRISTIAN STUDENT

The Christian student should live a lifestyle in accordance with proper Biblical principles, remembering that they are God's representative in their relationships toward each other, their teachers, and those who do not know them. Students whose lifestyle or conduct at school is disruptive to the class or other students must change their behavioral patterns. When a teacher deems it necessary, a special conference will be called with the student and parent to discuss the necessary changes to be made. Should this not effect a behavioral change that enables better classroom instruction to take place, the teacher will schedule a second conference with the parent and student and including this time, the Principal. It is assumed that after this conference acceptable behavior will be noted. However, should the conduct of the student continue to be disruptive to the learning process in the classroom, the parents will be asked to remove their child from St. John's Lutheran School, so that the remainder of the class may continue in a secure educational environment.

Students show good stewardship of God-given talents by their proper study habits. Wasting time shows lack of appreciation of the talents God has given them and causes an undue burden upon the teacher's classroom time.

DISCIPLINE

This is the general philosophy of our discipline policy. The basic obligation for the discipline and behavior of a student remains with the parents in the environment of the home. The members of the faculty of St. John's Lutheran School are not surrogate parents. The function of St. John's Lutheran School is to educate the child, and the school will act only in the light of this basic philosophy.

At St. John's Lutheran School we will endeavor to develop a discipline that is faith directed. That is, doing what is right because as children of God: obedience first to God's command is the rule; and a child of God obeys because he wants to. "If you love Me, keep My Commandments" (John 14:15); "By love, serve one another" (Galatians 5:13). At the same time, the school will provide competent supervision, guidance and direction.

Discipline is essential to any learning environment. The school seeks to work within a Christian framework of discipline, which strives to teach each child to become self-disciplined. Self-discipline cannot be achieved by merely imposing restrictions upon children. We encourage an atmosphere that will make each child feel important and respected because we believe such an atmosphere will help them develop respect for themselves and others.

Discipline in a Christian setting includes the proper application of both Law and the Gospel in our daily living experience. Disciplinary offenses include, but are not limited to the following:

- Physical violence
- Threats, insults, or other excessive verbal communication
- Disrespectful behavior
- Disruptive behavior
- Improper language
- Excessive or dangerous student interaction
- Misuse of other people's property
- Possession of alcoholic beverages
- Possession of drugs and drug paraphernalia
- Possession of smoking materials
- Possession of weapons, matches, or other dangerous items
- Use of personal electronic devices during school hours
- Improper use of or damage to school materials, property, or buildings.
- Failure to follow the instructions of a faculty member.

Appropriate discipline, within the sole and absolute discretion of the School Board, will be administered to each student found to have committed a disciplinary offense.

Parents will be responsible to make restitution (bear the cost of repair or replacement) of damage to school or other people's property, such as computer equipment, etc.

Disciplinary sanctions include, but are not limited to, reprimand, probation, suspension and expulsion. In no event will corporal punishment be used.

Probation gives the student and parents an opportunity to correct the problem while remaining in school. A conference will be held with the parents, student, teacher, and the Principal, to give notification and explanation of the probation. If, during a probationary period, a student does not improve to a satisfactory level, as determined by the teacher and Principal, the student may be expelled.

Suspension requires that the student not attend school during the suspension period. If during the suspension period a student does not meet any conditions required, the student may be expelled. Some offenses for which suspension may be imposed include truancy, non-payment of tuition, and excessive misbehavior.

All students being admitted to St. John's Lutheran School for the first time are automatically on a first semester probationary period; and may be expelled at the end of the period if it is determined, through the school board's absolute discretion, that such child, for any reason whatsoever, does not meet the standards required for attendance at St. John's.

All disciplinary actions involving Probation, Suspension, or Expulsion must be approved by a majority vote of the School Board.

TRANSPORTATION

Parents may bring their children to school each day if they wish. They are not to arrive at school prior to 8:30 AM, unless they are utilizing the morning program. Morning care registrants are to enter via the parking lot. All other parents should leave their children off at the curb by the main school entrances on Reon Avenue or Sommers Lane. Parents are not to accompany children into the classroom.

Bus transportation is provided by the City of New York. Metro Cards are also available for those who qualify and subject to their regulations.

CONFERENCES

Teachers need the time before school to meet with students and in some cases give additional assistance. Therefore, no conferences can be held after 8:30 AM. Throughout the school year, conferences need to be made by appointment. All conferences must be scheduled ahead of time, by phone or note or E-mail. **No parent should congregate in the teachers' classrooms or hallway.**

FIRE DRILLS

Fire Drills will be conducted throughout the school year. This will enable our children to respond in an orderly, quiet way, in the event that we ever have a fire. Each year the Fire Department visits our school in the fall to inspect our fire extinguishers, exits, etc...to ensure that our buildings always meet the code and safety requirements of a school. In the event of a true emergency evacuation, students will be moved to St. Theresa's located on Victory Blvd.

BUS DRILLS

Three bus drills a year are required by the state of New York. All grades that use a bus, be it for transportation or field trips, must participate.

Shelter Drills

Shelter Drills are conducted several times a year. Students and teachers are prepared to take the assigned position to protect from outside danger such as a storm.

Lock Down Drill

Lock Down Drills are conducted several times a year. Teachers and students are prepared to take their assigned positions in the event of an intruder.

STUDENT RECORDS

Records of the following nature will be kept for each student:

1. End of the year subject grades.
2. Results of annual standardized achievement tests
3. Discipline report violations
4. Health records as specified by governmental agencies
5. IESP/504 (if applicable)

Teachers will supply information for the first three matters to be entered into the permanent record. Parents will supply information needed for the health records. School records will be forwarded to another school upon the written request of the forwarding school or parents.

LUNCH PROGRAM

Parents have the option of packing a nutritious lunch for their children or they may purchase a hot lunch from the school. Please discuss the importance of eating a good lunch with your child(ren). We need to reduce the large amount of food thrown away each day. Children are not to bring soda or fast food to school, or any beverages in

a glass bottle. Students cannot use the Snapple machine outside of their scheduled lunch period.

Ordering take out to the school for your child is prohibited.

ARRIVAL AND DISMISSAL POLICIES

Students are not to arrive at school prior to 8:30 AM. The school day begins with homeroom organization at 8:50 AM, when attendance will be taken. Classroom instruction starts at 9:00 AM. In the event that a parent must bring their child before 8:30 AM, the student is to report directly to the morning care room. Excessive lateness (2 in a 1 week period) will result in morning detention.

Dismissal is at 3:15 PM each day.

Any child remaining on school grounds 15 minutes after dismissal and not engaged in an authorized extracurricular activity will be sent to After Care and the parent will be billed accordingly

Students who ride buses will be dismissed to the school parking lot. Students cannot travel on a school bus other than the one for which they are registered. Students who are picked up by parents or walk home alone are dismissed through the Reon Ave. exit, from their classrooms. Students wait to be dismissed in the classroom of their eldest sibling. Students are required to leave for home or be picked up by their parents immediately. Students not picked up by parents by 3:30 pm will be sent to After Care. A fee for After Care service will be charged. Any change of dismissal must be done in writing.

Pre-School will be dismissed from the Sommers Lane exit at the appropriate times.

Early dismissal requires that a parent/guardian sign the early dismissal request book in the school office. Reasons for early dismissal are: medical appointments, dental appointments, and family emergencies. As a general rule, early dismissal for non-school related extra-curricular activities is discouraged.
